Billy's Stone Crab

WORLD FAMOUS STONE CRAB RESTAURANT

Billy's Stone Crab Restaurant & Market in Hollywood, Florida, is nestled between A1A and the Intercoastal Waterway. Glider-rockertables gently sway with the warm, balmy breezes where patrons sit a few feet from the water and watch boats of all sizes drift by and huge tarpon feed as the sun sets into the palm trees across the way. Others may opt for indoor seating, and if it's something to take home the market offers a variety of fresh Florida caught seafood.

The crabs are the crown-jewel here at Billy's Stone Crab Restaurant & Market! With almost 40 years experience in the South Florida crab market, Mr. Hershey delivers a FANTASTIC crab-dining experience. Medium, Select, Large, or JUMBO claw sizes begin their preparation on the boat, and by the time they get to the table- the meticulous attention to detail comes on a plate in beautifully colored claws filled with firm, richly-flavored crabmeat.

Take advantage of the full-service bar and stay awhile, or, swing by for lunch (served 'til 5 p.m.) and try the fish of the day in a myriad of available dishes. The friendly staff are very knowledgeable, willing to answer questions and offer suggestions that help guide novice and crab-afficianados alike to a pleasant dining experience. Charter a deep sea fishing trip on the "Crack'n Crab" and they'll cook whatever fish they catch for you!
